**Dormitory regulations
The University of Wrocław**

General Provisions

Dormitory regulations are binding on all students and non-students in residence in Wrocław University housing and on their visitors, whether from Wrocław or elsewhere. Each dormitory is an integral part of the University and serves as a positive living-learning environment for all residents by providing staff, resources, programs, services, and facilities that promote and support educational achievement, social development, and civility through local and global cultural awareness and understanding. The manager of each dormitory and the vice rector for student affairs are in charge of all dormitory affairs, including housing. In all dormitory affairs the residents are represented by the board of residents.

UNIVERSITÄT LEIPZIG

Residence

Occupying and Vacating Rooms

Rooms are assigned for the period of nine months starting from the first day of the academic year. Students planning to stay for the summer recess must obtain the consent of the vice rector for student affairs. The rooms are assigned by decision of the vice rector for student affairs. To obtain a room for the following year, a resident must receive a positive recommendation from the board of residents and the dormitory manager. Continuing students have higher priority over new students in room assignment in the same dormitory. Married students may apply for rooms in a family dormitory. In such case they should include such request in the application. Each resident receives a Letter of Referral from the Youth Division. This document confirms the room assignment. The procedures of room assignment are determined annually by the vice rector for student affairs and announced on message boards in all dormitories and dean's offices. The dormitory manager is in charge of the check-in procedure. Rooms are assigned on the basis of the Letter of Referral and the decision of the board of residents. Married couples and families with children are assigned separate rooms in separate family dormitories. Residents may change their rooms during the academic year by moving to a vacant room or exchanging rooms with other residents, provided all the other roommates agree. To change rooms a resident must submit a written application to the dormitory administration and obtain a written consent of each resident involved. Residents must accept a new resident if there is a vacancy. When occupying a room the residents become responsible for all equipment and furnishings in the room. This fact is noted on the Inventory Sheet and the room report which must be signed by all residents and the dormitory manager.

A sample of an Inventory Sheet is annexed to the present regulations as Annex 1. The Inventory Sheet is used during check-out to assess charges for damages or missing University property. The condition of the room and its furnishings is noted on the room report. Changes in the assembly of residents are noted in the Inventory Sheet.

Before occupying a room, residents must get acquainted with the present regulations by signing the Student Sheet, which is annexed to the present regulations as Annex 2. After check-in the residents receive a Resident ID Card with their name on it, which is used to confirm their identity in the dormitory.

A sample of the Resident ID Card is annexed to the present regulations as Annex 3. Residents may choose additional equipment, which is noted in the Student Sheet and confirmed by their signature. Students shall lose their residential rights in the following cases:

- 1) if they have not completed the check-in process before the required date, except for cases when they have informed the dormitory manager about their absence on the required date,
- 2) after the date established in the Letter of Referral or on the day following the end of the final exam period in the summer,
- 3) after withdrawing or being withdrawn from the University,
- 4) during a leave of absence or year repetition, except for cases permitted by the vice rector for student affairs,
- 5) if they failed to pay room rent for two months, except for cases permitted by the vice rector for student affairs,

Erasmus Mundus

- 6) after disciplinary action by the Disciplinary Committee for Students or the Disciplinary Committee of Appeal for Students,
- 7) by decision of the vice rector for student affairs.

The loss of residential right by a resident is equivalent to the loss of residential rights by his/her spouse.

Students who lose their residential rights must vacate their rooms within 5 days of such decision. Students lose their residential rights after the date established in the Letter of Referral.

Resident rights and responsibilities

Every resident is entitled to the following rights:

The rights to read and study free from undue interference in one's room. The right to sleep, the right to one's personal belongings, the right to access one's room or apartment, and the right to a certain environment in which to live. The right to privacy. One visitor is entitled to four overnight stays per month. The quiet hours, visiting rules and use of common rooms and facilities is subject to change in family dormitories. All decisions in this matter are made by the vice rector for student affairs. Drunk or intoxicated visitors will be denied entrance to the building. In cases of serious or repetitive violations of the dormitory regulations the dormitory manager may ban such offenders from entering the dormitory for a period of one to six months. No resident or visitor, regardless of age, is permitted to consume or possess any alcohol or alcohol containers in dormitories. Damage assessments or fines may be charged in a variety of situations. If it is unclear who damaged furniture all of the occupants of the suite will be billed for a share of the repair or replacement. The present regulations are made public by announcing them on message boards in dormitories.

3. Student photo

Students are also kindly requested to send by e-mail a photo (.jpg file is the most proper) for the student card (clear and bright background, official, the same standard as for passport photo or ID).

Then, all data are submitted to the International Office of Wrocław University. Without this information, students cannot be enrolled to the Wrocław University.

Please note that only after receiving all information, the coordinator of the University of Wrocław is able to send you the Letter of Acceptance (you need it for example for visa request).

UNIVERSITÄT LEIPZIG

Erasmus Mundus

Students should also inform the EMGS coordinator, if they would like to attend the semester Polish language course.

II. VISA REQUIREMENTS

Students from outside EU should hold Polish visa for the whole period of study in Poland. All students from EU countries coming to study in Poland for more than 3 months must apply for a "Temporary Residence Card" about the procedure you'll be informed during the orientation days in September although be aware that you'll be required to proof your health insurance, which means you should have the European Health Insurance Card (for EU) or equivalent.

1. Visa

An EU student can enter Poland with ID document (a valid travel document e.g. passport) or another document certifying identity and citizenship. If a student intends to visit Poland's neighboring countries (not all of them are EU Member States), a passport is recommended. For stay up to 3 months no legalization of stay is necessary. For stay exceeding 3 months an EU student has to register the residence. In case of students the registration is issued for one year (possibility to prolong). The document is issued by the Department of Citizens Affairs of the Voivodeship Office (province administration, Urząd Wojewódzki).

Non-EU students of a non-EU/EEA country can enter Poland on the basis of a valid travel document (passport) and a visa (if required). A student of a non-EU country has to obtain a visa from the Polish Consulate (sometimes the procedure differs, so please contact the Polish Consulate or Embassy in your country). In the attachment you can find the Letter of Acceptance – the document that you need to ask for the visa. A short-term visa entitles the holder to stay in Poland for up to 3 months, a long-term visa up to 1 year. Prolongation of a visa in Poland is possible only in cases of force majeure or situation impossible to foresee while applying for the visa in the consulate. The visa can be prolonged only once.

Before your departure, please verify all necessary information and doubts in the nearest Polish consulate or Polish embassy in your country or in the country, where you were studying till now. It is quite important, because European and Polish regulations regarding visas and residence permit might change. You can also use information form Welcome Letter, but it plays only preliminary role.

3. Temporary Residence Card

Notwithstanding the visa, after your coming to Poland you have to legalize your stay by applying for the temporary resident permit (TRP). All international students staying in Poland longer than three months need to obtain TRP. The permit is issued for the period of your stay in Poland, but not longer than two years (usually for one year). It can be prolonged.

Evidence of the permit is the Temporary Residence Card (TRC) - an identity card for foreigners in Poland and it (with a passport included) allows passing the border as often as you like without having a visa.

You have to apply for the residence card at least 45 days before your visa expires.

The necessity of getting the residence permit during your stay in Wrocław is mainly dependent on the period of your visa and what kind of visa have you already received. In this case, could you please contact with our Voivodship Office:

Dolnośląski Urząd Wojewódzki we Wrocławiu (the Voivodship Office)
<http://www.duw.pl> (this website is translated into English, German and French)
pl. Powstańców Warszawy 1
071 340 60 98
071 340 67 30

Our Voivodship Office is only able to decide whether you need to get the residence permit. During your visit in the Voivodship Office, you can ask for help your tutors/volunteers.

All the students who are Non-EU/EEA citizens should apply for a Residence Permit. (For stay exceeding 3 months an EU student also has to register his/her residence. But the procedure is different and you can find all the information at <http://www.gs.uni.wroc.pl/living-wroclaw/new-visa-requirements>)

Non-EU/EEA citizens

In case of students the residence permit is issued for one year (possibility to prolong). To legalize your stay you have to go to the Department of Citizens Affairs of the Voivodeship Office (province administration, Urząd Wojewódzki) to get a residence permit.

III. MEDICAL INSURANCE

1. Medical Insurance

All students being awarded an Erasmus Mundus scholarship are automatically free of charge and covered by an insurance scheme against risks related to health, accidents, death, permanent invalidity and civil responsibility. When visiting a doctor students will need to pay the fees in advance and will be reimbursed after sending the bill and a claim form to the EU. For students who started the program in 2009 further details on the conditions of the insurance scheme and the address where to send claims can be found on the following website:

http://ec.europa.eu/education/programmes/mundus/student/insurance_en.html

Students who started the program in 2010 are insured through:
www.ips-lippmann.nl

Any query with regard to the Lippmann insurance should be addressed to:
Mrs. Erica Hagedoorn: Hagedoorn@lippmann.nl

All other students not receiving this scholarship will need to close a medical insurance contract on their own costs. The prices in Poland amount around € 10. The contracts can be closed after the arrival at the universities with the support of the local coordinator. However we recommend the students to take out a (travelling) insurance for the first weeks of their stay.

2. Healthcare in Poland

Health services in Poland are available for students from the EU or EFTA member countries, provided that they have valid medical insurance in the national insurance system of any EU or EEC member country. A valid passport, student Identity Card or doctoral student Identity Card and a valid Medical Insurance European Card entitles its holder to medical care services free of charge.

If possible it is recommended that students purchase their own international medical insurance prior to arrival in Poland. Otherwise students from non-EU or non-EFTA countries are required to sign a voluntary health insurance agreement with the National Health Fund and pay their own insurance fees.

We would like to recommend you the National Health Fund (Narodowy Fundusz Zdrowia – NFZ) insurance. If you have this option, you can use the public

UNIVERSITÄT LEIPZIG

Erasmus Mundus

medical care in Poland. It could be quite useful and helpful for you. Otherwise, you will have to get the refund of the paid cost from your private insurance. That is why, it is necessary to read very carefully the regulations and principles of your insurance. Please remember about it.

Please note that the contract with NFZ in Poland (national health insurance fund) could be signed by non EEU - students, then you have the same rights as Polish citizen. The fee is around 46,80 PLN/month (around 10 euro).

NFZ is located in Wrocław at Dawida street 2. Please ask Ms Elzbieta Kle, room nr 121 (phone number: 0048 71 79 79 132 or 0048 71 79 79 133). It is open from 8.00 a.m. to 4 p.m. You need to take with you a passport, ID Student Card, proof of enrolment in Polish with Dr Jaroslaw Jarzabek's signature (We may prepare it for you) and you need pay for it over there. You will get there all information regarding insurance issues for European students and non EEU - students as well.

The European students have the European insurance, provided that they have valid medical insurance in the national insurance system of any EU or EEC member country. A valid passport, student Identity Card or doctoral student Identity Card and a valid Medical Insurance European Card entitles its holder to medical care services free of charge. So you don't need to sign the contract and pay the fee, because you already have the insurance. Of course it is possible for you to sign some additional contract with some private health insurance company, but I suppose that it is not necessary.

This is in Polish, so if you don't speak the language you'll have to ask some Polish colleague for assistance. The user name is "student" and the password is the number of your Wrocław ID card. The "ankieta" is on-line so you don't have to print it, just submit on-line.*

After completing all the documents and presenting them in our office we will be able to transfer the rest of your Erasmus grant (25%) to your bank accounts.

Students who'd fail the above requirements will be asked for reimbursement of part or the total Erasmus grant.

16. General information about living and studying in Wrocław

Bank account

There are no obligations to have a bank account in Poland, but it will be useful for you to benefit from it here. It will simply make your stay easier. If it comes to the opening of bank account, it usually takes more or less few hours, but it also depends on how many documents do they require. Normally, the only one document needed to open your personal bank account is a passport. What is certain, you must wait for a bank card. It lasts normally a couple of days. The nearest bank facility from the University Main Building is a Bank Zachodni WBK.

We have many banks in Wrocław. The most popular are BZWBK, PKO BP, PEKAO SA, MBANK (only via INTERNET), HSBC. It is quite difficult to recommend only one bank. It will be better to go to each bank and compare all offers.

Mobile telephone

Mobile telephone is also rather complex choice. We have T-Mobile, Orange, Plus, Heyah. All of them are normally used by students in Wrocław. T-Mobile, Orange and Plus are the most significant and influenced in Poland, that is why their offer could be more interesting.

V. ACCOMODATION AND LIVING COSTS

1. The dormitory

The University of Wrocław accommodation consists of two halls of residence. Both of them are situated within easy traveling distance from the city center and provide a friendly and safe study environment. Students live in shared modules with two bedrooms and a shared bathroom and kitchen. Kitchens are equipped with a refrigerator and an electric cooker. Each room has Internet access. Students may use the common room, the club, the study room and the laundry.

PLEASE NOTE THAT DURING THE INTENSIVE COURSE OF POLISH YOU MIGHT BE STAYING IN TEMPORARY ROOMS, IT WILL CHANGE IN THE BEGINNING OF YOUR ARRIVAL.

The prices of rooms in the academic year 2014/15 was:

- 477 PLN (119 EUR) per month - for a place in a double room
- 837 PLN (209 EUR) per month - for a single room

Prices may increase slightly. Final prices of the dormitory in the Academic Year are known in August/September 2015.

It is quite hard to get a single room in the dormitory.

Student house doesn't provide catering. It is divided into two bedroom modules with kitchen and bathroom.

The rooms are furnished, but towels, kitchen accessories (plates, cutlery, pots, saucepans, etc.) are not provided, bed linens are changed every three weeks. The rent (including Internet) is paid monthly in cash in advance in the dorm and in the first month you'll be charged additionally a deposit (equal to one-month rent), which will be returned after you check out and leave the room tidy.

For approx. 10 PLN per month you can get an Internet connection in your room.

Please read the dormitory regulations carefully to fully accept the rules.

fax/tel.: +48 71 328 32 58

You do not need to fill up any other application forms or sign any contracts. We will send all indispensable information to the International Office of Wrocław University. It is sufficient for them.

Those of you who had applied for the accommodation and had sent us by email the confirmation of arrival got place in Dormitory. In August you will get information from the accommodation office about the details of your accommodation and the exact dormitory that was selected for you.

The cheapest way to get to the Dormitory from the Airport or from Main Railway Station is to use a bus or a tram. There is a very useful website which will help you in finding your way. You just need to fill out "traveling from" (for Airport put: PORT LOTNICZY, for main railway Station: DWORZEC GŁ. PKP) and "traveling to" (address of your flat or dormitory) fields and the program will find you connection and time of departure.

You can of course take a taxi, the cost is around 15€ or 20€ from the airport to the city center and 5€ or 10€ from the main station. It is better to ask about the price before you take a taxi just to avoid dishonest drivers.

If you feel that you may need some help upon your arrival with getting to the dormitory you can ask our voluntary group for help. If you ask them to pick you up from the train station or airport till the end of the August they will surely do that! To be pick up please contact:

voluntaryuwr@gmail.com

UNIVERSITÄT LEIPZIG

You may also use the following webpage: <http://wroclaw.jakdojade.pl/?locale=en>

It's absolutely necessary to inform me if you want to book a room in the dorm and if you want to take part in the preparatory intensive language course, then before your arrival you will have to confirm the date of your arrival. If not, your reservation will be canceled.

2. Other options

We've never heard about Polish families that give a room to rent to some students, usually they are just elderly people who live alone and are looking for a way to earn some money. But it is possible to rent a flat with Polish students, maybe it could help you in practicing Polish.

Renting a flat, a room or shared room is a good option. Here you can find some adverts:

(students use google translator to understand it or our volunteers help them to find a flat when they are already here).

When it comes to real estate offers we could only recommend general pages. Unfortunately it isn't possible to send you commercial proposals.

Polish real estate market is still positively changing that's why now many polish agencies provide professional English speaking services.

Besides, you may also find some offers from our previous students, that is why please join the facebook groups.

VIII. COURSES REGISTRATION

In August/September you will be informed (to your email address) by our Webmaster about the opportunity to log in your own personal account. This account among other will enable you to enroll for courses and workshops.

Courses registration is usually open in September. Information about the current courses you can find at:

<http://www.gs.uni.wroc.pl/emgs-wroclaw/emgs-courses-wroclaw>

If it comes to the courses choice (online), it is only able to enroll classes within 30 ECTS. It is not possible to choose a larger number of courses and then make the right choice, because it will paralyze the enrollment system. To sum up, you must choose courses for at least 30 ECTS and not more that 30 ECTS. That's why please choose only your preferable classes online. Enrollment is open until deadline indicated by us in September. Within this mobility period (two weeks), you can attend selected classes and consider whether you want to change them. At this time will be also possible to make changes in classes where are still places available.

Students are allowed to choose freely from the variety of courses marked with letter E (elective). Some courses are mandatory (M). In all students should collect 30 ECTS points per semester. It is suggested (but not required) to collect 10 points from every module.

Please also remember that the classes in your examination and index cards later should be the same as in your learning agreement. It is not possible to change them. We are thinking of adding new classes, or deleting from the current one.

If it comes to your additional courses outside of the program, we will prepare additional courses certificate. In transcript of records and learning agreement we will put only all the program courses.

UNIVERSITÄT LEIPZIG

Erasmus Mundus

The schedule for workshop will be known later. You will get information about the time and place. Workshops usually last few days, but not longer than two weeks. Within setting the schedule of workshops, we take into account the schedule of regular courses. Everything will be fixed to our EMGS schedule and won't be in a conflict with any other regular classes.

1. Learning Agreement

The learning agreement is the basic document that you may download after the registration process.

Please remember that it must be signed. After the enrolment you can send it to the EMGS Office, then we will print it. You can do it on your own as well. After all, you can come to my office in order to sign this document.

Please remember that the classes in your examination and index cards should be the same as in your learning agreement. It is not possible to change them. I am thinking of adding new classes, or deleting from the current one. It is not possible even to be added by your teacher.

2. Additional courses

If it comes to your additional courses, outside of the program, we will prepare additional courses certificate. You may attend these courses. But in transcript of records and learning agreement we will put only all the program courses. If your any course was not chosen online, will be put it on the additional courses certificate.

We will prepare this certificate for you. That is why please send me the information what did you choose as your additional course/courses before the end of each semester.

You can find the additional course proposals on the website of our International Office:

3. Deadline for your indeks and examination cards

Each semester all EMGS students will be informed about deadlines for indeks and examination card (green paper) submission to the dean's office (room 35 at the building on the right if you go out from our building). If you don't submit the indeks on time, you will be crossed out from the student list of the University. It means you will not be our student anymore. It will be certainly better to do it quite earlier.

Exam cards will be available few weeks before the end of each semester.

4. How to fill out your indeks and exam card?

While receiving your grades you should:

- fill out your indeks: page nr 8 you should put your name and surname (Imię i nazwisko), year of studies I or II (Rok studiów), academic year [for example: 2015/2016 (Rok akademicki)], then your teacher's name (Nazwisko wykładającego) and the course (Nazwa przedmiotu), number of hours (Liczba godzin) is divided in lecture (wykłady) and seminar (ćwiczenia) you can find this info about the courses you are taking on your examination card (Liczba godzin w semestrze "cw." for seminar and "W" for lecture). Then ECTS is also given on the examination card (or in your Learning Agreement on-line), you should write down the ECTS info in your indeks, too. You should fill out the next pages the same way as pages 8 and 9 until all the courses are written down.
- fill out the examination card: you should put the name of your teacher in the table "Nazwisko egzaminatora".

Mostly the examination cards has been issued in Polish/English. If you have any doubts, please contact us.

YOU SHOULD COLLECT ALL THE GRADES BOTH IN THE INDEKS AND YOUR EXAMINATION CARD. PLEASE CHECK IF THE TEACHER SIGNS BOTH DOCUMENTS. YOU SHOULD SUBMIT THE DOCUMENTS TO THE DEAN'S OFFICE.

You don't need to collect the grades in person. It is possible to "organize the grades collection", asking your friends to take your indeks with them or to submit it for you. If you have any problem with contacting the teacher (i.e. he's not there during his office hours), please contact us. If you have any problem with grades, essay submission that could cause the delay in the indeks submission, please contact us.
